Begin this exciting journey with a hotel pick-up from Quito, heading eastward into the Andean highlands, setting the stage for this two-day adventure.

Your first stop is a vibrant traditional market in the heart of a picturesque Andean town. This magnetic place offers a fantastic experience of the region's gastronomy and culture, paving the way for a day of marvelous explorations.

After enjoying a tasty snack, you will continue the trip towards the Antisana Reserve at 12,500 ft, where you'll be greeted by the stunning paramo landscape, home to the majestic Andean Condor and diverse wildlife.

Next, venture to Mica Lake or Micacocha for a scenic hike around its shores, offering the possibility to see alpacas, white-tailed deer, foxes, rabbits and Andean ducks and coots, if luck is on your side.

Indulge in a delicious lunch at a local restaurant, offering awe-inspiring views of canyons and cliffs, including condor nesting sites within the rocks.

Following lunch, you will proceed to Papallacta, the ride treats you to panoramic Andean views. Upon arrival, the renowned hot springs welcome you with soothing thermal pools, each offering different temperatures, perfect to unwind and revitalize your senses.

The warm and mineral-rich waters will melt away any stress and will leave you refreshed and rejuvenated, just in time for a delightful dinner served at the site's restaurant. Overnight stay.
